HARDY WATER PLANTS

WATER LILIES need no attention after planting, other than to see that the pool or tub has an ample depth of water. We have an assortment of hardy lilies ranging from white, pink, yellow and red.

TROPICAL WATER LILIES

TROPICAL WATER LILIES are set out late in the season, usually June. They make such remarkable growth that within several weeks blossoms appear, and continue throughout the summer. We have an assortment of Tropical, Day and Night Blooming.

NELUMBIUM

NELUMBIUM—The sacred lotus of the Nile. We have the Speciosum and the Loteum.

FOREWORD

The Northport Nurseries, established in 1907 by Sigmund Scherer, are now approaching their twenty-third year in the growing and selling of Rock, Water and Bog Plants.

Nothing short of fair dealing and first-class stock would have won for us the enviable reputation which we hold with the public and the nursery trade, and for which we are justly proud.

In preparing this price list, we have listed some of the finest Rock, Water and Bog Plants, which we believe are obtainable. We invite you to call at our nurseries and inspect them.

Our prices are possibly not the lowest to be found, but we have endeavored to keep them as low as the quality of our stock will permit and still maintain our reliable service.

We have keenly appreciated your business in the past and we shall endeavor to show our appreciation by handling your future orders with added carefulness and promptness.

Respectfully yours,

THE NORTHPOR T NURSERIES,

S. Scherer & Sons, Prop.

—

LIABILITY—

Orders are accepted on condition they shall be void should stock become injured by frost, or other causes beyond our control. Errors made by us will be gladly corrected, but we must be notified within ten days from the arrival of the stock. The plants become your property upon delivery of them to the transportation company, and we cannot be responsible for the loss.
